Isna Nur Amalia

Data Scientist

About Me

Hello, I'm Isna Nur Amalia, a data scientist with five years of experience delivering valuable data through the analytical functions method. Committed to helping the companies develop strategic plans based on the data.

Education

- Statistics

Aldenaire University | 2017
Ph.D. in Statistics

- Computer Mathematics

Aldenaire University | 2014
Master of Science

- Computer Science

Aldenaire University | 2010
Bachelor of Science

Work Experience

- Data Scientist

Paucek & Lage (2019-current)
-Collecting data
-Sourcing missing data
-Organizing data and moving them to usable formats
-Creating predictive models
-Identifying relevant data for business needs
-Interpreting and enhancing data sets

- Junior Data Scientist

Larana, Inc. (2017-2019)
-Finding data to support the projects using simple Machine Learning algorithms
-Identifying valuable data sources
Using data to propose for effective decision making
